ASIA PACIFIC MEDICAL CENTER (APMC) – AKLAN INC.

2nd Floor Aklan Polyclinic and Drugstore Building
Goding Ramos Street, Kalibo
Aklan

Attention of: **Dr. Ferjenel G. Biron**
Chairman of the Board

Gentlemen:

We are pleased to submit this proposal letter to confirm our understanding of the arrangements for our audit of the financial statements of **ASIA PACIFIC MEDICAL CENTER (APMC) – AKLAN INC.** (the Company) for the year ending December 31, 2024. The financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the financial statements based on our audit.

Audit Responsibilities and Limitations

We will conduct our audit in accordance with Philippine Standards on Auditing (PSAs). Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We intend to assess the Company's existing internal control structure, solely for the purpose of determining the nature, timing and extent of our audit procedures. While an effective internal control structure reduces the likelihood that errors and irregularities (including misappropriation of assets) may occur and remain undetected, it does not eliminate the possibility. For that reason, and because of the test of nature and other inherent limitations of an audit, we cannot guarantee that material errors or irregularities, if present, will be discovered. However, we will bring to your attention any material misstatements and any fraudulent or illegal acts of which we become aware during our audit. In the unusual event that we are unable to complete the audit or are unable to form or have not formed an opinion, we may decline to express an opinion or decline to issue a report as a result of the engagement.

As required by the SEC Memorandum Circular No. 13 (Series of 2003), we as your external auditor is required to and shall report to the Commission any of the following cases which may have been discovered based of PSAs, if the Company fails to disclose the same to the Commission under its current reports:

- a. Any material findings involving fraud or error, as defined under Section 3.2 and 3.3 of the circular;

- b. Losses or potential losses the aggregate of which amounts to at least ten percent (10%) of the consolidated total assets of the Company;
- c. Any findings to the effect that the consolidated assets of the Company, on a going concern basis are no longer adequate to cover the total claims of creditors.

The working papers prepared in conjunction with our work are the property of our Firm, constitute confidential and proprietary information and will be retained by us in accordance with our policies and procedures.

Management's Responsibilities

Our audit will be conducted on the basis that management acknowledge and understand that they have responsibility:

- For the preparation and fair presentation of the financial statements in accordance with Philippine Financial Reporting Standards;
- For such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; and

 - Additional information that we may request from management for the purpose of the audit; and
